Highlights

SUPERMARKET

This model is designed to maximize the space used on the surfaces of supermarkets, as it allows to expand the exposure of the product on the top of an island or chest previously installed.

Adjustable height depending on the island model that we have exposed at the bottom.

New design in the die-cutting of the shelves, which allows better circulation of airflow inside the cabinet.

Standard Equipment

Standard HFC evaporator

Electronic control

Integrated LED lighting on frame doors - 4000K

Ventilated refrigeration system

Electronic fans

Electric defrost

Full Vision triple glass heated doors

Black frame and black doors

Pre-lacquered tank

Opaque gable ends

Punching shelves

Plastic packaging

Fan protection
